

STATUS OF MULTILATERAL CONVENTIONS

**Signatures, ratifications, accessions, etc.
received by the Secretary-General
from 1 to 31 January 1965**

The publication Status of Multilateral Conventions in respect of which the Secretary-General Acts as Depositary in its present loose-leaf form (ST/LEG/3, Rev.1) has been discontinued. Instead of annual Supplements to the basic edition of that publication, a complete list of signatures, ratifications, accessions, etc. will be published annually in a bound volume. Accordingly, the annual Supplement to the basic publication which would have reflected the changes having occurred from 1 January 1964 to 31 December 1964 will not be printed. However, the monthly reports to the basic publication will continue to appear pending the issuance of the first volume of the new publication.

"The Convention on Consent to Marriage, Minimum Age for Marriage and Registration of Marriages was adopted for the purpose, among other things, of insuring to all persons complete freedom in the choice of a spouse. The first paragraph of Article 1 of the Convention requires that the full and free consent of both parties shall be expressed in the presence of the competent authority and of witnesses.

"Considering the provisions of its Civil Code, the Philippines, in ratifying this Convention interprets the second paragraph of Article 1 (which authorizes, in exceptional cases, the solemnization of marriage by proxy) as not imposing upon the Philippines the obligation to allow within its territory the celebration of proxy marriages or marriages of the kind contemplated in that paragraph, where such manner of marriage is not authorized by the laws of the Philippines. Rather, the solemnization within Philippine territory of a marriage in the absence of one of the parties under the conditions stated in said paragraph will be permitted only if so allowed by Philippine law."

FRANCE

(Translation)

In depositing this instrument of accession, the Government of the French Republic declares:

Article 1

In the view of the Government of the French Republic, the expression "adjacent" areas implies a notion of geophysical, geological and geographical dependence which ipso facto rules out an unlimited extension of the continental shelf.

Article 2
(paragraph 4)

The Government of the French Republic considers that the expression "living organisms belonging to sedentary species" must be interpreted as excluding crustaceans, with the exception of the species of crab termed "barnacle"; and it makes the following reservations:

Article 4

The Government of the French Republic accepts this article only on condition that the coastal State claiming that the measures it intends to take are "reasonable" agrees that if their reasonableness is contested it shall be determined by arbitration.

Article 5
(paragraph 1)

The Government of the French Republic accepts the provisions of article 5, paragraph 1, with the following reservations:

(a) An essential element which should serve as the basis for appreciating any "interference" with the conservation of the living resources of the sea, resulting from the exploitation of the continental shelf, particularly in breeding areas for maintenance of stocks, shall be the technical report of the international scientific bodies responsible for the conservation of the living resources of the sea in the areas specified respectively in article 1 of the Convention for the Northwest Atlantic Fisheries of 8 February 1949 and article 1 of the Convention for the North-east Atlantic Fisheries of 24 January 1959.

(b) Any restrictions placed on the exercise of acquired fishing rights in waters above the continental shelf shall give rise to a right to compensation.

(c) It must be possible to establish by means of arbitration, if the matter is contested, whether the exploration of the continental shelf and the exploitation of its natural resources result in an interference with the other activities protected by article 5, paragraph 1, which is "unjustifiable".

SUDAN

"The Government of the Republic of the Sudan will not consider itself bound by the third sentence of article 2, paragraph 1, of the Convention in respect of the passage across its territory of goods destined to or coming from South Africa or Portugal or goods the ownership of which could be claimed by South Africa or Portugal. The reservation is made in accordance with the spirit of Security Council resolution S/5773, in which the Security Council condemned the apartheid policies of the Government of the Republic of South Africa, resolution A/AC.109/124 in which the Special Committee condemned the colonial policy of Portugal and its persistent refusal to carry out the resolutions of the General Assembly, the Security Council and the Special Committee, and resolution CM/Res.6(I) of the Council of Ministers of the Organization of African Unity. The reservations will remain in force pending the ending of the prevailing situation in South Africa and the Portuguese colonies.

Nor will the Republic of the Sudan, as a member of the Arab League, consider itself bound by the same provision in respect of the passage across its territory of goods destined for or coming from Israel."

XX- 4

Belgium :

Accession .. 1 July 1966 a

CUBA

The Government of the Republic of Cuba will make such reservations as it may deem appropriate if and when the Convention is ratified. 1/

MONGOLIA

On behalf of the Government of the Mongolian People's Republic, the Permanent Mission also states that the provision in article 17, paragraph 1, of the Convention whereby a number of States are deprived of the opportunity to become Parties to the Convention is of a discriminatory nature, and it holds that, in accordance with the principle of the sovereign equality of States, the Convention on the Elimination of All Forms of Racial Discrimination should be open to participation by all interested States without discrimination or restriction of any kind.

The Mongolian People's Republic does not consider itself bound by the provisions of article 22 of the Convention, under which any dispute between two or more States Parties with respect to the interpretation or application of the Convention is, at the request of any of the parties to the dispute, to be referred to the International Court of Justice for decision, and it states that, in each individual case, the consent of all parties to such a dispute is necessary for referral of the dispute to the International Court. 1/

1/ Translation by the Secretariat.

MONGOLIA

The Government of the Mongolian People's Republic deems it essential to draw attention to the discriminatory nature of the provisions of articles 17, 19, 22 and 23 of the Convention, under which a number of States are excluded from participation in this Convention. The Convention deals with matters of interest to all States and should therefore be open for participation by all States.

The Government of the Mongolian People's Republic does not consider itself bound by the provisions of article 16 of the Convention on Transit Trade of Land-locked States under which members of the arbitration commission may be appointed by the President of the International Court of Justice, and declares that the appointment of members of the arbitration commission should be made only with the consent of all the parties to the dispute. 1/

4. Agreement establishing the Asian Development Bank

Declarations and Reservations

INDIA

"The Government of India declares that India retains for herself and her political sub-divisions the right to tax salaries and emoluments paid by the Asian Development Bank to citizens or nationals of India."

NORWAY

"According to article 14, paragraph ix, in the Agreement establishing the Asian Development Bank, 'the proceeds of any loan, investment or other financing undertaken in the ordinary operations of the Bank or with Special Funds established by the Bank pursuant to paragraph 1 (i) of article 19, shall be used only for procurement in member countries of goods and services produced in member countries ...'.

The declared shipping policy of the Norwegian Government is based on the principle of free circulation of shipping in international trade in free and fair competition. In accordance with this policy transactions and transfers in connection with maritime transport should not be hampered by provisions giving preferential treatment to one country or a group of countries, the aim always being that normal commercial consideration should determine the method and flag of shipment. The Government of Norway trusts that article 14, paragraph ix, will not be applied contrary to this principle."

PHILIPPINES

"The Government of the Philippines declares that it retains for itself and its political sub-divisions the right to tax salaries and emoluments paid by the Bank to citizens or nationals of the Philippines."

FEDERAL REPUBLIC OF GERMANY

"The Federal Republic of Germany makes use of the following reservations provided for in article 5, paragraph 3, and article 16, paragraph 1 a (iv) of the International Convention for the Protection of Performers, Producers of Phonograms and Broadcasting Organisations :

(1) As regards the protection of producers of phonograms it will not apply the criterion of fixation referred to in article 5, paragraph 1 (b) of the Convention;

(2) As regards phonograms the producer of which is a national of another Contracting State, it will limit the protection provided for by article 12 of the Convention to the extent to which, and to the term for which, the latter State grants protection to phonograms first fixed by a German national."

ITALY

"The Italian Government, pursuant to article 56, paragraph 2, of the Agreement, retains for itself and its political subdivisions the right to tax salaries and emoluments paid by the Bank to Italian citizens employed in offices of the Bank that might be set up in Italy or performing any activities in Italy on behalf of the Bank.

"The Italian Government considers that paragraph 1 of article 56 is to be construed in the light of the current practice concerning exemption of international organizations from taxation. According to such practice, relief from taxation is granted to international organizations only in respect of articles acquired in pursuance of the official activities of an organization and, in the case of internal indirect taxes, only for substantial purchases where it is reasonably practicable to allow such relief.

"The Italian Government considers that the provision of article 50, paragraph 1, concerning immunity from jurisdiction is to be construed within the limits in which such immunity is provided by international law.

"... it is the intention of the Italian Government to seek from the Asian Development Bank an understanding to the effect that the special procedure to be provided for pursuant to paragraph 2 of article 50 of the bye-laws and regulations of the Bank, or in contracts entered into with the Bank, should not be of prejudice to the jurisdiction of Italian Courts with respect to any claims put forward by private parties."

NEW ZEALAND

"... pursuant to paragraph 2 (ii) of article 24 of the Agreement, the Government of New Zealand hereby declares that it desires the use of the portion of its subscription paid pursuant to paragraph 2 (b) of article 6 of the Agreement to be wholly restricted to payments for goods or services produced in its territory."

SINGAPORE

"... Singapore retains for itself the right to tax salaries and emoluments paid by the Asian Development Bank to citizens and nationals of Singapore."

SWEDEN

"According to the main rule of article 14, paragraph ix, in the Agreement establishing the Asian Development Bank, the proceeds of any loan, investment or other financing undertaken by the Bank shall be used only for procurement in member countries of goods and services produced in member countries.

"The shipping policy of the Swedish Government is based on the principle of free circulation of shipping in international trade in free and fair competition. The Swedish Government trusts that article 14, paragraph ix, will not be applied contrary to this principle. Similarly, it is part of the assistance policy of the Swedish Government that multilateral development assistance should be based on the principle of free international competitive bidding. The Swedish Government expresses the hope that it will be possible to reach agreement on such modification of article 14, paragraph ix, that it does not conflict with this principle."

UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND

"... in accordance with paragraph 2 of article 56, the Government of the United Kingdom declare that they retain the right to tax salaries and emoluments paid by the Asian Development Bank to citizens of the United Kingdom and Colonies.

"Article 54 of the Agreement has the effect of affording Government telecommunication privileges to the Asian Development Bank. The list of persons and authorities entitled to such privileges in Annex 3 to the International Telecommunications Convention signed at Geneva on the 21st of December, 1959, does not include international organisations other than the United Nations. There is thus a clear conflict between article 54 and the Telecommunication Convention, to which the United Kingdom (and no doubt other members of the Asian Development Bank) is a party. The United Kingdom wishes to propose that this conflict be considered at an early meeting of the Board of Governors.

"Paragraph 1 of article 56 of the Agreement might perhaps be construed as allowing the Asian Development Bank complete exemption from all customs duties and taxes on goods without any qualification. It is current practice to accord such relief from taxation on goods to international organisations only in respect of articles acquired in pursuance of the official activities of an organisation, and, in the case of internal indirect taxes, only for substantial purchases where it is reasonably practicable to allow such relief. The Government of the United Kingdom consider that paragraph 1 of article 56 is to be construed in the light of current practice.

"... it is the intention of the Government of the United Kingdom to seek from the Asian Development Bank :

- a) an understanding that it will insure any motor vehicle belonging to, or operated on behalf of, the Bank against third party claims for damage arising from an accident caused by such a vehicle in the United Kingdom and that the immunity of the Bank from legal process under paragraph 1 of article 50 will not be asserted in the case of any civil action in the United Kingdom by a third party for damage arising from an accident caused by such a vehicle;

b) an understanding that no immunity under article 55 will be asserted in respect of any motor traffic offence committed by a member of the personnel of the Bank or in respect of damage caused by a motor vehicle belonging to, or driven by, him."

CZECHOSLOVAKIA

"The Czechoslovak Socialist Republic considers that the provision of article 17, paragraph 1, is not in keeping with the aims and objectives of the Convention since it fails to ensure that all States without any distinction and discrimination be given opportunity to become Parties to the Convention.

"The Czechoslovak Socialist Republic does not consider itself bound by the provision of article 22 and maintains that any dispute between two or more Parties over the interpretation or application of the Convention, which is not settled by negotiation or by procedures expressly provided for in the Convention, can be referred to the International Court of Justice only at the request of all the parties to the dispute, if they did not agree to another means of settlement."

UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND

Reservation

"...in the present circumstances deriving from the usurpation of power in Rhodesia by the illegal régime, the United Kingdom must sign subject to a reservation of the right not to apply the Convention to Rhodesia unless and until the United Kingdom informs the Secretary-General of the United Nations that it is in a position to ensure that the obligations imposed by the Convention in respect of that territory can be fully implemented.

Interpretations

"... the United Kingdom wishes to state its understanding of certain articles in the Convention. It interprets article 4 as requiring a party to the Convention to adopt further legislative measures in the fields covered by sub-paragraphs (a), (b) and (c) of that article only in so far as it may consider with due regard to the principles embodied in the Universal Declaration of Human Rights and the rights expressly set forth in article 5 of the Convention (in particular the right to freedom of opinion and expression and the right to freedom of peaceful assembly and association) that some legislative addition to or variation of existing law and practice in those fields is necessary for the attainment of the end specified in the earlier part of article 4. Further, the United Kingdom interprets the requirement in article 6 concerning "reparation or satisfaction" as being fulfilled if one or other of these forms of redress is made available and interprets "satisfaction" as including any form of redress effective to bring the discriminatory conduct to an end. In addition it interprets article 20 and the other related provisions of Part III of the Convention as meaning that if a reservation is not accepted the State making the reservation does not become a Party to the Convention.

"... the United Kingdom maintains its position in regard to article 15. In its view this article is discriminatory in that it establishes a procedure for the receipt of petitions relating to dependent territories while making no comparable provision for States without such territories. Moreover, the article purports to establish a procedure applicable to the dependent territories of States whether or not those States have become parties to the Convention. Her Majesty's Government have decided that the United Kingdom should sign the Convention, these objections notwithstanding, because of the importance they attach to the Convention as a whole."

Withdrawal of certain reservations by Sweden

The Government of Sweden has notified the Secretary-General on 25 November 1966 that it has decided, in accordance with paragraph 2 of article 42 of the Convention, to withdraw some of its reservations to article 24, paragraph 1 (b), of the Convention and that, in view of this decision, the reservations to article 24, paragraph 1 (b), will read as follows:

(Translation) ... notwithstanding the principle of national treatment for refugees, Sweden shall not be bound to accord to refugees the same treatment as is accorded to nationals in respect of the possibility of entitlement to a national pension under the provisions of the National Insurance Act; and likewise to the effect that, in so far as the right to a supplementary pension under the said Act and the computation of such pension in certain respects are concerned, the rules applicable to Swedish nationals shall be more favourable than those applied to other insured persons.

The Government of Sweden has further notified the Secretary-General that it has decided to withdraw its reservation to article 24, paragraph 2, of the Convention.

Withdrawal of certain reservations by Sweden

The Government of Sweden has notified the Secretary-General on 25 November 1966 that it has decided, in accordance with paragraph 2 of article 38 of the Convention, to withdraw some of its reservations to article 24, paragraph 1 (b), of the Convention and that, in view of this decision, the reservations to article 24, paragraph 1 (b), will read as follows:

(Translation) ...notwithstanding the rule concerning the treatment of stateless persons as nationals, Sweden will not be bound to accord to stateless persons the same treatment as is accorded to nationals in respect of the possibility of entitlement to a national pension under the provisions of the National Insurance Act; and likewise to the effect that, in so far as the right to a supplementary pension under the said Act and computation of such pension in certain respects are concerned, the rules applicable to Swedish nationals shall be more favourable than those applied to other insured persons.

The Government of Sweden has further notified the Secretary-General that it has also decided to withdraw its reservation to article 24, paragraph 2, of the Convention.
