The Secretary-General of the United Nations, acting in his capacity as depositary, and referring to depositary notification C.N.337.1983.TREATIES-1 of 26 January 1984, communicates the following:

I

It is recalled that the Statutes of the International Centre for Genetic Engineering and Biotechnology were adopted at the Ministerial-Level Plenipotentiary Meeting on the Establishment of the International Centre for Genetic Engineering and Biotechnology held at Madrid, Spain, from 7 to 13 September 1983, under the auspices of the United Nations Industrial Development Organization; that the Plenipotentiaries participating at the Meeting having been unable to agree on the location of the seat of the Centre, paragraph 2 of article 1 of the Statutes concerning that question has remained incomplete; that the Statutes, however, were opened for signature at Madrid on 12 and 13 September 1983, with the understanding that paragraph 2 of article 1 would be completed at a reconvened meeting; and that the Statutes are since 13 September 1983 open for signature at the Headquarters of the United Nations, New York, until their entry into force.

II

During the reconvened meeting held at Vienna, Austria, from 3 to 4 April 1984, the Plenipotentiaries decided that the seat of the Centre will be located at Trieste, Italy, and New Delhi, India, and consequently adopted in that respect a Protocol (in English only), which completes paragraph 2 of article 1 of the Statutes.
