A copy, in the English, French and Russian languages, of the parts of document TRANS/GE.30/AC.2/21 containing the text of the proposed amendments is transmitted herewith to the Contracting Parties, in accordance with article 59(2) of the Convention. (Copy of the proposed amendments is also transmitted herewith, for information, to the other States and organizations concerned).

Attention: Treaty Services of Ministries of Foreign Affairs and of international organizations concerned
In connection with the said proposed amendments, reference is made to the procedures for the amendment of the Convention and its annexes.

The procedure for the amendment of the Convention is set forth in article 59 (3) which reads as follows:

"Except as provided for under article 60, any proposed amendment communicated in accordance with the preceding paragraph shall come into force with respect to all Contracting Parties three months after the expiry of a period of twelve months following the date of communication of the proposed amendment during which period no objection to the proposed amendment has been communicated to the Secretary-General of the United Nations by a State which is a Contracting Party."

As for the procedure for the amendment of annexes 1 to 7, it is set forth in article 60 of the Convention which reads as follows:

"1. Any proposed amendment to annexes 1, 2, 3, 4, 5, 6 and 7 considered in accordance with paragraphs 1 and 2 of article 59 shall come into force on a date to be determined by the Administrative Committee at the time of its adoption, unless by a prior date determined by the Administrative Committee at the same time, one-fifth or five of the States which are Contracting Parties, whichever number is less, notify the Secretary-General of the United Nations of their objection to the amendment. Determination by the Administrative Committee of the dates referred to in this paragraph shall be by a two-thirds majority of those present and voting.

In accordance with the provisions of article 59 (3) above, objections to the proposed amendment to article 18 of the Convention should be notified to the Secretary-General within twelve months of the present notification.

As for the objections to the amendment to Annex 1 (model of the TIR Carnet, Rules regarding the use of the TIR carnet, Rule 5), which was proposed as a consequence of the proposed amendment to article 18 of the Convention, the Committee decided, in accordance with
article 60 (1) of the Convention that the said amendment should come into force on the same date as the amendment to article 18 of the Convention. Accordingly, objections to the proposed amendment in question to Annex 1 should also be notified within twelve months of the present notification.

It is further to be noted, in connection with the above-mentioned proposed amendment that the Committee agreed that existing stocks of the current model of the TIR carnet could be exhausted before new carnets containing the new wording would have to be issued.

Finally, and with respect to the proposed amendment to Annex 2, article 3, paragraph 11 (c) the Committee decided in accordance with paragraph 1 of article 60 that objections to the said amendment should be notified to the Secretary-General by 1 May 1988 and that the amendment would enter into force - unless there are a qualifying number of objections - on 1 August 1988.
