#### NOTE BY THE SECRETARIAT

Under Article 102 of the Charter of the United Nations every treaty and every international agreement entered into by any Member of the United Nations after the coming into force of the Charter shall, as soon as possible, be registered with the Secretariat and published by it. Furthermore, no party to a treaty or international agreement subject to registration which has not been registered may invoke that treaty or agreement before any organ of the United Nations. The General Assembly, by resolution 97 (1), established regulations to give effect to Article 102 of the Charter (see text of the regulations, vol. 859, p. VIII).

The terms "treaty" and "international agreement" have not been defined either in the Charter or in the regulations, and the Secretariat follows the principle that it acts in accordance with the position of the Member State submitting an instrument for registration that so far as that party is concerned the instrument is a treaty or an international agreement within the meaning of Article 102. Registration of an instrument submitted by a Member State, therefore, does not imply a judgement by the Secretariat on the nature of the instrument, the status of a party or any similar question. It is the understanding of the Secretariat that its action does not confer on the instrument the status of a treaty or an international agreement if it does not already have that status and does not confer on a party a status which it would not otherwise have.

## GENERAL INTRODUCTION

This is the twelfth volume of the *Cumulative Index*. It covers the treaties and international agreements contained in volumes 751 to 800 of the United Nations *Treaty Series*.

The volume consists of three sections, each preceded by an explanatory note.

In the *first section*, "Chronological Index", treaties and international agreements are listed in the order of the dates on which they were signed, or were opened for signature or accession, or otherwise modified.

The *second section* is a separate list of "General International Agreements", also arranged chronologically by date.

The *third section*, "Alphabetical Index", refers to treaties and international agreements by party and by subject.

### *References*

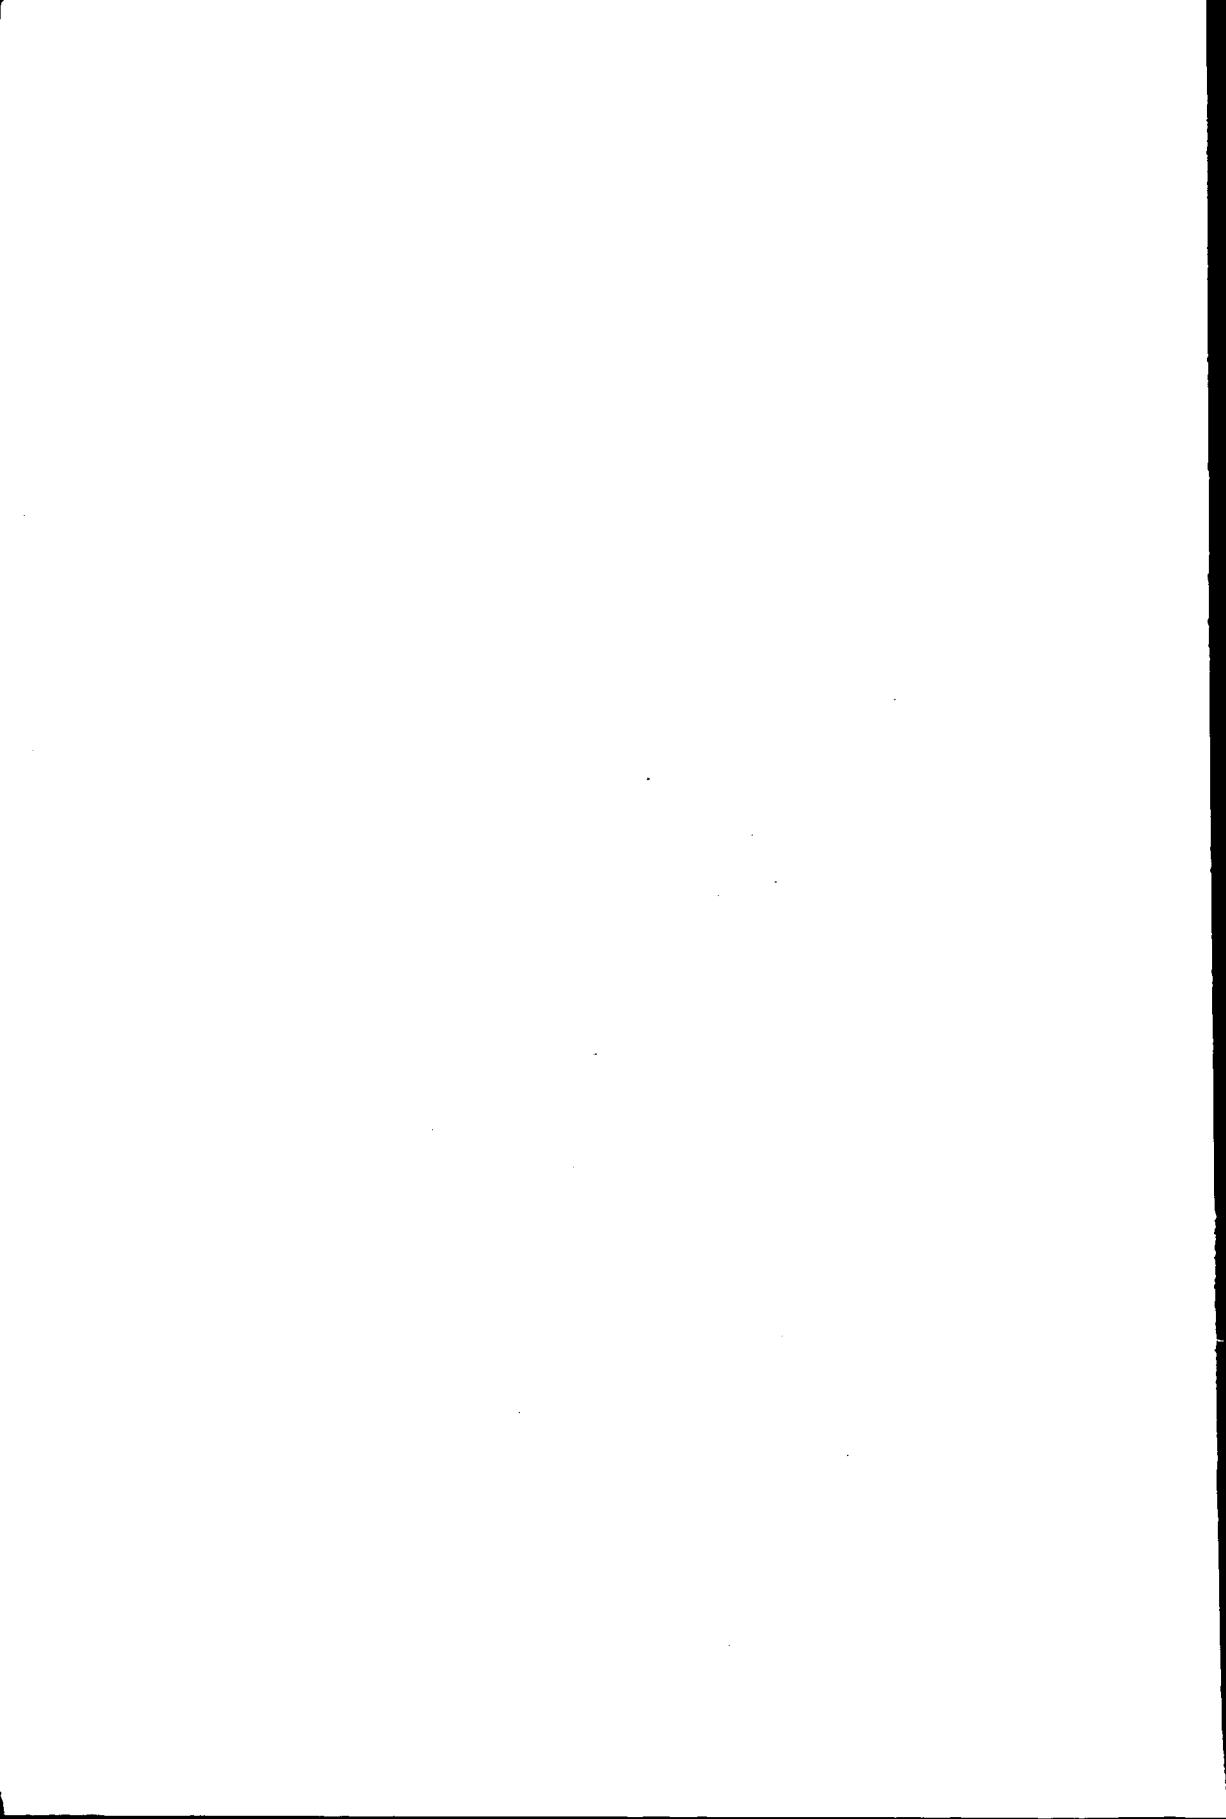

Entries in all three sections contain references to treaty numbers and volume and page numbers.

Treaty numbers for instruments included in the United Nations *Treaty Series* consist of a roman numeral and an arabic numeral, joined by a colon (e.g. I:10700; II:654). The roman numeral I signifies treaties and international agreements *registered* with the Secretariat; roman numeral II signifies treaties and international agreements *filed and recorded* by the Secretariat. The arabic numeral indicates the serial number assigned to the instrument within categories I and II.

Treaties and international agreements appearing in the League of Nations *Treaty Series* are identified by the symbol "LoN" followed by the arabic number of the treaty registration.

Volume numbers in the United Nations *Treaty Series* are in arabic numerals; those in the League of Nations *Treaty Series* are in roman numerals.

Two dates joined by a hyphen (e.g. 1969, 11 Jun-1970, 24 Feb) indicate the first and last dates in a series of exchanges of notes constituting an agreement. Two dates divided by a stroke (e.g. 1970, 22 Jan/20 Feb) indicate, on the other hand, an exchange on the two dates specified, without exchanges of notes in the intervening period.

## **CHRONOLOGICAL INDEX**

## EXPLANATORY NOTE

(*See also the GENERAL INTRODUCTION*)

The Chronological Index is a list of treaties and international agreements arranged in order of the dates on which they were signed, or were opened for signature or accession, or modified.

In using this index, however, it should be noted that:

- (a) Where an instrument bears more than one date, it is listed under the *earliest*; a *See*-reference is made from the last date to the date under which the full entry will be found.
- (b) Amendments, modifications, prorogations, etc., of *bilateral* instruments are listed under the date of the original instrument if it appears for the first time in volumes 751 to 800. If the original instrument was included in a previous *Cumulative Index*, the amendments, modifications, prorogations, etc., found in volumes 751 to 800 are entered under the date of the *earliest* change recorded in those volumes.
- (c) Amendments, modifications, withdrawals, etc., affecting any multi-lateral instrument are entered under the date of the original instrument.
- (d) "General International Agreements" appearing for the first time in volumes 751 to 800 are listed briefly in this section, in the order of the dates on which they were signed or declared open to signature or accession. Detailed information concerning accessions, ratifications, denunciations and withdrawals affecting "General International Agreements", both previously recorded and new ones, is given only in the "General International Agreements" section.

The Chronological Index includes the following data, in this sequence:  
(1) date (year, day, month); (2) place of signature; (3) signatories; (4) form and title of the instrument and references to related entries, if any; (5) languages of the original text; (6) treaty number; (7) volume number; (8) page number.

## **GENERAL INTERNATIONAL AGREEMENTS**

## EXPLANATORY NOTE

(*See also the GENERAL INTRODUCTION*)

Continuing the practice initiated in the League of Nations *Treaty Series* General Index and in the United Nations *Treaty Series* Cumulative Indexes Nos. 1-11, certain multilateral instruments are classified under the heading of "General International Agreements". This classification, used solely for purposes of the present *Cumulative Index*, is motivated only by reasons of convenience and should not be taken as having any juridical significance.

The following types of instruments are included.

- (1) Multilateral conventions, protocols and agreements adopted or approved by the General Assembly of the United Nations;
- (2) Multilateral conventions, protocols and agreements which were authenticated (by means of a Final Act or otherwise) at a conference held under the auspices of the United Nations or any of the specialized agencies;
- (3) Constituent instruments of the specialized agencies or instruments creating intergovernmental organizations;
- (4) Instruments (of accession, ratification, denunciation, etc.) relating to General International Agreements listed as such in the League of Nations *Treaty Series*;
- (5) Multilateral conventions, protocols and agreements revising, amending or continuing any General International Agreement listed as such in the League of Nations *Treaty Series*;
- (6) Declarations of acceptance of obligations of the Charter of the United Nations;
- (7) Declarations of acceptance of compulsory jurisdiction under Art. 36, para. 2 of the Statute of the International Court of Justice, as well as Declarations accepting conditions to become a party to the Statute.

General International Agreements are listed here in the order of the dates on which they were signed or declared open to signature or accession. All signatures, as well as instruments of accession, denunciation, ratification, succession, withdrawal and any other changes, appear under the instrument to which they refer.
