Declarations

(Unless otherwise indicated, the declarations were made upon ratification, acceptance, approval, formal confirmation or accession.)

COSTA RICA

In the case of the Republic of Costa Rica, for the purposes of the implementation of article 27 of the Protocol, the Ministries of the Treasury, Public Health, Economic Affairs, Trade and Industry, the Interior and Police, and Public Security shall be responsible for proposing any amendments to domestic laws, regulations and rules in general that might be required for compliance with this Protocol, within their competencies and powers, and without prejudice to the constitutional powers vested in the legislative and executive branches.

EUROPEAN UNION

The European Union (EU) submits, in accordance with Article 44 of the Protocol to Eliminate Illicit Trade in Tobacco Products to the World Health Organisation's Framework Convention on Tobacco Control ("FCTC Protocol"), the following Declaration of Competences specifying the categories and policy areas in respect of which the Member States of the EU have conferred competences upon the EU in the areas covered by the FCTC Protocol.

1. General Principles

The categories and areas of Union competence are set out in Articles 2 to 6 TFEU. When the Treaties confer on the EU exclusive competence in a specific area, only the

EU may legislate and adopt legally binding acts, the Member States being able to do so themselves only if so empowered by the EU or for the implementation of EU acts. When the Treaties confer on the EU a competence shared with the Member States in a specific area, the EU and the Member States may legislate and adopt legally binding acts in that area. The Member States shall exercise their competence to the extent that the EU has not exercised its competence. The Member States shall again exercise their competence to the extent that the EU has decided to cease exercising its competence.

As regards the conclusion of international agreements, for the policy areas listed in Article 3(1) TFEU, only the EU has the competence to act. For the policy areas listed in Article 4(2) TFEU the EU and its Member States share competence, but only the EU has the competence to act when the envisaged action is necessary to enable the Union to exercise its internal competence, or insofar as the provisions in the agreement may affect common rules or alter their scope within the meaning of Article 3(2) TFEU; insofar as this is not the case (i.e. the conditions of Article 3(2) TFEU are not met), Member States may exercise their competence to act in these policy areas.

Competences not attributed to the EU by the Treaties fall within the competences of the Member States of the EU.

The EU will duly notify any substantial modification of the extent of its competences, in accordance with Article 44 of the Protocol, without this constituting a prerequisite for the exercise of its competence in matters covered by the FCTC Protocol.

2. Exclusive competence of the EU

2.1. The EU has exclusive competence to act with respect to the matters covered by the FCTC Protocol that fall under the scope of the common commercial policy of the EU (Article 207 TFEU).

2.2. In addition, the EU has exclusive competence to act with regard to matters covered by the FCTC protocol that fall under the scope of customs cooperation (Article 33 TFEU), approximation of laws in the internal market (Articles 113 and 114 TFEU), judicial cooperation in criminal matters (Article 82 TFEU) and definition of criminal offences (Article 83 TFEU), only insofar as the provisions of a Union act establish common rules that may be affected or altered in scope by provisions of the FCTC protocol.

The list of Union acts below illustrates the extent to which the Union has exercised its internal competence in these fields in accordance with the Treaty on the Functioning of the European Union. The extent of Union exclusive competence ensuing from these acts must be assessed by reference to the precise provisions of each measure, and in particular the extent to which these provisions establish common rules that risk to be affected or altered in scope by the provisions of the FCTC Protocol or an act adopted in implementation thereof.

– Directive 2014/40/EU of the European Parliament and of the Council of 3 April 2014 on the approximation of the laws, regulations and administrative provisions of the Member States concerning the manufacture, presentation and sale of tobacco and related products and repealing Directive 2001/37/EC (OJ L 127, 29.4.2014, p. 1);

– Directive 2005/60/EC of the European Parliament and of the Council of 26 October 2005 on the prevention of the use of the financial system for the purpose of money laundering and terrorist financing (OJ L 309, 25.11.2005, p. 15);

– Regulation (EU) No 952/2013 of the European Parliament and of the Council of 9 October 2013 laying down the Union Customs Code (OJ L 269, 10.10.2013, p. 1);

– Council Directive 2008/118/EC of 16 December 2008 concerning the general arrangements for excise duty and repealing Directive 92/12/EEC (OJ L 9, 14.1.2009, p. 12);

– Council Directive 2011/64/EU of 21 June 2011 on the structure and rates of excise duty applied to manufactured tobacco (OJ L 176, 5.7.2011, p. 24);

– Council Framework Decision 2001/500/JHA of 26 June 2001 on money laundering, the identification, tracing, freezing, seizing and confiscation of instrumentalities and the proceeds of crime (OJ L 182, 5.7.2001, p. 1);

– Council Act of 26 July 1995 drawing up the Convention on the protection of the European Communities' financial interests (OJ C 316, 27.11.1995, p. 48).

3. Competence of the Member States

For other matters covered by the FCTC Protocol not mentioned in sections 2.1 and 2.2, for which the EU has not exclusive competence to act, the Member States remain competent to act.
