Declarations and Reservations
(Unless otherwise indicated, the declarations and reservations were made upon ratification, acceptance, approval, accession or succession.)

UNITED STATES OF AMERICA

"In accordance with Article 2, paragraph 1 of the protocol, the Government of the United States of America specifies 1978 as the applicable calendar year for determining measures to control and/or reduce its national annual emissions of nitrogen oxides or their transboundary fluxes.

The Government of the United States of America believes that there must be a follow-on protocol to establish a control obligation based on scientific, technical

and economic factors, including consideration of the protocol's effect on the innovative control technologies program of the United States. If such a protocol is not adopted by 1996, the United States of America will consider withdrawal from this protocol.

The Government of the United States of America understands that nations will have the flexibility to meet the overall requirements of the protocol through the most effective means."

Notes:

¹ Czechoslovakia had signed and approved the Protocol on 1 November 1988 and 17 August 1990, respectively. See also note 1 under "Czech Republic" and note 1 under "Slovakia" in the "Historical Information" section in the front matter of this volume.

² With a declaration of non-application to the Faroe Islands and Greenland.

³ The German Democratic Republic had signed the Protocol on 1 November 1988.

See also note 2 under "Germany" in the "Historical Information" section in the front matter of this volume.

⁴ For the Kingdom in Europe.

⁵ The instrument specifies that the said Protocol is ratified in respect of the United Kingdom of Great Britain and Northern Ireland, the Bailiwick of Jersey, the Bailiwick of Guernsey, the Isle of Man and the Sovereign Base Areas of Akrotiri and Dhekelia in the island of Cyprus.
