The United States understands that ratification of the Convention does not alter its domestic legal processes to determine foreign assistance funding or programs.

(2) Financial resources and mechanism.-- The United States understands that neither Article 20 nor Article 21 of the Convention impose obligations to provide specific levels of funding for the Global Environmental Facility, or the Global Mechanism, to carry out the objectives of the Convention, or for any other purpose.

(3) United States land management.-- The United States understands that it is a "developed country party" as defined in Article 1 of the Convention, and that it is not required to prepare a national action program pursuant to Part III, Section 1, of the Convention. The United States also understands that no changes to its existing land management practices and programs will be required to meet its obligations under Articles 4 or 5 of the Convention.

(4) Legal process for amending the Convention.-- In accordance with Article 34 (4), any additional regional implementation annex to the Convention or any amendment to any regional implementation annex to the Convention shall enter into force for the United States only upon the deposit of a corresponding instrument of ratification, acceptance, approval or accession.
