Protocol to the 1979 Convention on long-range transboundary air pollution on the reduction of sulphur emissions or their transboundary fluxes by at least 30 per cent. Concluded at Helsinki on 8 July 1985

Authentic texts: English, French and Russian.
Registered ex officio on 2 September 1987.
PROTOCOL TO THE 1979 CONVENTION ON LONG-RANGE TRANSBOUNDARY AIR POLLUTION ON THE REDUCTION OF SULPHUR EMISSIONS OR THEIR TRANSBOUNDARY FLUXES BY AT LEAST 30 PER CENT

The Parties,

Determined to implement the Convention on Long-range Transboundary Air Pollution, Concerned that the present emissions of air pollutants are causing widespread damage, in exposed parts of Europe and North America, to natural resources of vital environmental and economic importance, such as forests, soils and waters, and to materials (including historical monuments) and, under certain circumstances, have harmful effects on human health,

Aware of the fact that the predominant sources of air pollution contributing to the acidification of the environment are the combustion of fossil fuels for energy production, and the main technological processes in various industrial sectors, as well as transport, which lead to emissions of sulphur dioxide, nitrogen oxides, and other pollutants,

Considering that high priority should be given to reducing sulphur emissions, which will have positive results environmentally, on the over-all economic situation and on human health,

Recalling the decision of the United Nations Economic Commission for Europe (ECE) at its thirty-ninth session, which stresses the urgency of intensifying efforts to

1 Came into force on 2 September 1987, i.e., the ninetieth day following the date of deposit with the Secretary-General of the United Nations of the sixteenth instrument of ratification, acceptance, approval or accession, in accordance with article 11 (1):

arrive at co-ordinated national strategies and policies in the ECE region to reduce sulphur emissions effectively at national levels.

Recalling the recognition by the Executive Body for the Convention at its first session of the need to decrease effectively the total annual emissions of sulphur compounds or their transboundary fluxes by 1993-1995, using 1980 levels as the basis for calculations of reductions,

Recalling that the Multilateral Conference on the Causes and Prevention of Damage to Forests and Water by Air Pollution in Europe (Munich, 24-27 June 1984) had requested that the Executive Body for the Convention, as a matter of highest priority, adopt a proposal for a specific agreement on the reduction of annual national sulphur emissions or their transboundary fluxes by 1993 at the latest,

Noting that a number of Contracting Parties to the Convention have decided to implement reductions of their national annual sulphur emissions or their transboundary fluxes by at least 30 per cent as soon as possible and at the latest by 1993, using 1980 levels as the basis for calculation of reductions,

Recognizing, on the other hand, that some Contracting Parties to the Convention, while not signing the present Protocol at the time of its opening for signature, will nevertheless contribute significantly to the reduction of transboundary air pollution, or will continue to make efforts to control sulphur emissions, as stated in the document annexed to the report of the Executive Body at its third session,

Have agreed as follows:

Article 1. Definitions

For the purposes of the present Protocol,

3. "Executive Body" means the Executive Body for the Convention constituted under article 10, paragraph 1 of the Convention.
5. "Parties" means, unless the context otherwise requires, the Parties to the present Protocol.

Article 2. Basic Provision

The Parties shall reduce their national annual sulphur emissions or their transboundary fluxes by at least 30 per cent as soon as possible and at the latest by 1993, using 1980 levels as the basis for calculation of reductions.

Article 3. Further Reductions

The Parties recognize the need for each of them to study at the national level the necessity for further reductions, beyond those referred to in article 2, of sulphur emissions or their transboundary fluxes when environmental conditions warrant.

Article 4. REPORTING OF ANNUAL EMISSIONS

Each Party shall provide annually to the Executive Body its levels of national annual sulphur emissions, and the basis upon which they have been calculated.

Article 5. CALCULATIONS OF TRANSBOUNDARY FLUXES

EMEP shall in good time before the annual meetings of the Executive Body provide to the Executive Body calculations of sulphur budgets and also of transboundary fluxes and depositions of sulphur compounds for each previous year within the geographical scope of EMEP, utilizing appropriate models. In areas outside the geographical scope of EMEP, models appropriate to the particular circumstances of Parties therein shall be used.

Article 6. NATIONAL PROGRAMMES, POLICIES AND STRATEGIES

The Parties shall, within the framework of the Convention, develop without undue delay national programmes, policies and strategies which shall serve as a means of reducing sulphur emissions or their transboundary fluxes, by at least 30 per cent as soon as possible and at the latest by 1993, and shall report thereon as well as on progress towards achieving the goal to the Executive Body.

Article 7. AMENDMENTS TO THE PROTOCOL

1. Any Party may propose amendments to the present Protocol.
2. Proposed amendments shall be submitted in writing to the Executive Secretary of the Economic Commission for Europe who shall communicate them to all Parties. The Executive Body shall discuss the proposed amendments at its next annual meeting provided that such proposals have been circulated by the Executive Secretary of the Economic Commission for Europe to the Parties at least 90 days in advance.
3. An amendment to the present Protocol shall be adopted by consensus of the representatives of the Parties, and shall enter into force for the Parties which have accepted it on the ninetieth day after the date on which two thirds of the Parties have deposited their instruments of acceptance of the amendment. The amendment shall enter into force for any other Party on the ninetieth day after the date on which that Party deposits its instrument of acceptance of the amendment.

Article 8. SETTLEMENT OF DISPUTES

If a dispute arises between two or more Parties as to the interpretation or application of the present Protocol, they shall seek a solution by negotiation or by any other method of dispute settlement acceptable to the parties to the dispute.

Article 9. SIGNATURE

1. The present Protocol shall be open for signature at Helsinki (Finland) from 8 July 1985 until 12 July 1985 inclusive, by the member States of the Economic Commission for Europe as well as States having consultative status with the Economic Commission for Europe, pursuant to paragraph 8 of Economic and Social Council resolution 36 (IV) of 28 March 1947,1 and by regional economic integration organizations, constituted by sovereign States members of the Economic Commission for Europe, which have competence in respect of the negotiation, conclusion and appli-

cation of international agreements in matters covered by the present Protocol, pro-
vided that the States and organizations concerned are Parties to the Convention.

2. In matters within their competence, such regional economic integration or-
ganizations shall, on their own behalf, exercise the rights and fulfil the responsibili-
ties which the present Protocol attributes to their member States. In such cases, the
member States of these organizations shall not be entitled to exercise such rights in-
dividually.

**Article 10. Ratification, Acceptance, Approval and Accession**

1. The present Protocol shall be subject to ratification, acceptance or approval
by Signatories.

2. The present Protocol shall be open for accession as from 13 July 1985 by the
States and organizations referred to in article 9, paragraph 1.

3. A State or organization acceding to the present Protocol after its entry into
force shall implement Article 2 at the latest by 1993. However, if the Protocol is ac-
ceded to after 1990, Article 2 may be implemented later than 1993 by the Party con-
cerned but not later than 1995, and such a Party shall implement Article 6 corres-
pondingly.

4. The instruments of ratification, acceptance, approval or accession shall be
deposited with the Secretary-General of the United Nations, who will perform the
functions of depositary.

**Article 11. Entry into Force**

1. The present Protocol shall enter into force on the ninetieth day following
the date on which the sixteenth instrument of ratification, acceptance, approval or
accession has been deposited.

2. For each State and organization referred to in article 9, paragraph 1, which
ratifies, accepts or approves the present Protocol or accedes thereto after the deposit
of the sixteenth instrument of ratification, acceptance, approval, or accession, the
Protocol shall enter into force on the ninetieth day after the date of deposit by such
Party of its instrument of ratification, acceptance, approval, or accession.

**Article 12. Withdrawal**

At any time after five years from the date on which the present Protocol has
come into force with respect to a Party, that Party may withdraw from it by giving
written notification to the depositary. Any such withdrawal shall take effect on the
ninetieth day after the date of its receipt by the depositary.

**Article 13. Authentic Texts**

The original of the present Protocol, of which the English, French and Russian
texts are equally authentic, shall be deposited with the Secretary-General of the
United Nations.

In witness whereof the undersigned, being duly authorized thereto, have signed
the present Protocol.

Done at Helsinki this eighth day of July one thousand nine hundred and eighty-
five.
