NOTE BY THE SECRETARIAT

Under Article 102 of the Charter of the United Nations every treaty and every international agreement entered into by any Member of the United Nations after the coming into force of the Charter shall, as soon as possible, be registered with the Secretariat and published by it. Furthermore, no party to a treaty or international agreement subject to registration which has not been registered may invoke that treaty or agreement before any organ of the United Nations. The General Assembly, by resolution 97 (I), established regulations to give effect to Article 102 of the Charter (see text of the regulations, vol. 859, p. VIII).

The terms "treaty" and "international agreement" have not been defined either in the Charter or in the regulations, and the Secretariat follows the principle that it acts in accordance with the position of the Member State submitting an instrument for registration that so far as that party is concerned the instrument is a treaty or an international agreement within the meaning of Article 102. Registration of an instrument submitted by a Member State, therefore, does not imply a judgement by the Secretariat on the nature of the instrument, the status of a party or any similar question. It is the understanding of the Secretariat that its action does not confer on the instrument the status of a treaty or an international agreement if it does not already have that status and does not confer on a party a status which it would not otherwise have.

Unless otherwise indicated, the translations of the original texts of treaties, etc., published in this *Series* have been made by the Secretariat of the United Nations.

NOTE DU SECRÉTARIAT

Aux termes de l'Article 102 de la Charte des Nations Unies, tout traité ou accord international conclu par un Membre des Nations Unies après l'entrée en vigueur de la Charte sera, le plus tôt possible, enregistré au Secrétariat et publié par lui. De plus, aucune partie à un traité ou accord international qui aurait dû être enregistré mais ne l'a pas été ne pourra invoquer ledit traité ou accord devant un organe des Nations Unies. Par sa résolution 97 (I), l'Assemblée générale a adopté un règlement destiné à mettre en application l'Article 102 de la Charte (voir texte du règlement, vol. 859, p. IX).

Le terme «traité» et l'expression «accord international» n'ont été définis ni dans la Charte ni dans le règlement, et le Secrétariat a pris comme principe de s'en tenir à la position adoptée à cet égard par l'Etat Membre qui a présenté l'instrument à l'enregistrement, à savoir que pour autant qu'il s'agit de cet Etat comme partie contractante l'instrument constitue un traité ou un accord international au sens de l'Article 102. Il s'ensuit que l'enregistrement d'un instrument présenté par un Etat Membre n'implique, de la part du Secrétariat, aucun jugement sur la nature de l'instrument, le statut d'une partie ou toute autre question similaire. Le Secrétariat considère donc que les actes qu'il pourrait être amené à accomplir ne confèrent pas à un instrument la qualité de «traité» ou d'«accord international» si cet instrument n'a pas déjà cette qualité, et qu'ils ne confèrent pas à une partie un statut que, par ailleurs, elle ne posséderait pas.

Sauf indication contraire, les traductions des textes originaux des traités, etc., publiés dans ce *Recueil* ont été établies par le Secrétariat de l'Organisation des Nations Unies.

SCHEDULE XX - UNITED STATES OF AMERICA

The following list is authentic only in the English language.

GENERAL NOTES

1. The signatories to the Agreement on Trade in Civil Aircraft¹ in a decision recorded March 24, 1984, agreed to an expansion of the products covered by the Agreement, and thereby accorded duty-free treatment.
2. In light of this decision, and in accordance with article 2.1.3 of the Agreement, the following concessions and related nomenclature rectifications are incorporated in Schedule XX - United States of America. These modifications are based on the nomenclature of Schedule XX² annexed to the Geneva (1979) Protocol to the General Agreement on Tariffs and Trade. The concessions entered into force on April 29, 1985.
3. The United States reserves the right to modify tariff concessions in the event that the European Community modifies the duty-free entry of "bearing housings incorporating ball or roller bearings" (ex 8463) which the United States considers the EC to have bound at free pursuant to the Agreement on Trade in Civil Aircraft.

SCHEDULE LXV - POLAND

This Schedule is authentic in the English and French languages

Established in (Legal instrument)	INR's	First incorporated in (Legal instrument)
<p>1. Subject to paragraph 4 below, Poland shall undertake to increase the total value of its imports from the territories of contracting parties by 7 per cent per annum aggregated and compounded over multi-year commitment periods, that is:</p> <p>(a) in the two-year period 1971-1972, Poland shall undertake to import a total of not less than 221.5 per cent of the value of its total imports from those sources in the year 1970;</p> <p>(b) in the three-year period 1973-1975 and in each succeeding three-year period, Poland shall undertake to import a total of not less than 344 per cent of a base defined as the hypothetical value of imports in the last year of the preceding period that would have resulted had the actual increase of imports over the preceding period's base been distributed among the individual years at a constant compound rate of growth. Should the rate thus obtained be lower than 7 per cent, however, the rate used for this calculation shall be 7 per cent.</p> <p>2. Should Poland's imports in any period fall short of its commitment, the import commitment in the succeeding period shall be increased by the amount of the shortfall.</p> <p>3. The value of imports in any but the last year of a commitment period shall be not less than 103.5 per cent of the base for that period.</p> <p>4. On 1 January 1973 and thereafter on the date specified in paragraph 1 of Article XXVIII of the General Agreement, Poland may, by negotiation and agreement with the CONTRACTING PARTIES, modify its commitments under paragraphs 1-3 above. Should this negotiation not lead to agreement between Poland and the CONTRACTING PARTIES, Poland shall, nevertheless, be free to modify these commitments. Contracting parties shall then be free to modify equivalent commitments.</p>	-	G/67

	<u>Instrument juridique</u>	<u>D.N.P.</u>	<u>Instrument émis et introduit en liste</u>
<p>1. Sous réserve des dispositions du paragraphe 4 ci-dessous, la Pologne s'engage à augmenter la valeur totale de ses importations en provenance des territoires des parties contractantes à un taux de 7 pour cent par an, totalisé et composé sur des périodes pluri-annuelles d'engagement, c'est-à-dire:</p> <p>a) qu'au cours de la période biennale 1971-1972, la Pologne s'engage à procéder à des importations représentant un total d'au moins 721,5 pour cent de la valeur de ses importations totales en provenance de ces pays pour l'année 1970;</p> <p>b) qu'au cours de la période triennale 1973-1975 et de chaque période triennale suivante, la Pologne s'engage à procéder à des importations représentant un total d'au moins 344 pour cent d'une base définie comme étant la valeur hypothétique des importations auxquelles elle aurait procédé pendant la dernière année de la période précédente si l'augmentation effective des importations par rapport à la base de cette période avait été répartie entre les différentes années selon un taux composé constant de croissance. Toutefois, si le taux ainsi obtenu est inférieur à 7 pour cent, le taux utilisé pour le calcul sera de 7 pour cent.</p> <p>2. Si, au cours d'une période quelconque, les importations de la Pologne sont inférieures à l'engagement pris, l'engagement d'importation pour la période suivante sera majoré d'un montant égal à la différence.</p> <p>3. Sauf pour la dernière année d'une période d'engagement, la valeur des importations d'une année ne sera pas inférieure à 103,5 pour cent de la base prévue pour cette période.</p> <p>4. Le 1^{er} janvier 1973 et par la suite à la date spécifiée au paragraphe 1 de l'article XVIII de l'Accord général, la Pologne pourra, par voie de négociation et d'accord avec les PARTIES CONTRACTANTES, modifier ses engagements énoncés aux paragraphes 1-3 ci-dessus. Au cas où cette négociation ne conduirait pas à un accord entre la Pologne et les PARTIES CONTRACTANTES, la Pologne aura néanmoins la faculté de modifier ledits engagements. Les parties contractantes auront alors la faculté de modifier des engagements équivalents.</p>	GCS2/74	-	G/67
