NOTE BY THE SECRETARIAT

Under Article 102 of the Charter of the United Nations every treaty and every international agreement entered into by any Member of the United Nations after the coming into force of the Charter shall, as soon as possible, be registered with the Secretariat and published by it. Furthermore, no party to a treaty or international agreement subject to registration which has not been registered may invoke that treaty or agreement before any organ of the United Nations. The General Assembly, by resolution 97 (I), established regulations to give effect to Article 102 of the Charter (see text of the regulations, vol. 859, p. VIII).

The terms "treaty" and "international agreement" have not been defined either in the Charter or in the regulations, and the Secretariat follows the principle that it acts in accordance with the position of the Member State submitting an instrument for registration that so far as that party is concerned the instrument is a treaty or an international agreement within the meaning of Article 102. Registration of an instrument submitted by a Member State, therefore, does not imply a judgement by the Secretariat on the nature of the instrument, the status of a party or any similar question. It is the understanding of the Secretariat that its action does not confer on the instrument the status of a treaty or an international agreement if it does not already have that status and does not confer on a party a status which it would not otherwise have.

Unless otherwise indicated, the translations of the original texts of treaties, etc., published in this *Series* have been made by the Secretariat of the United Nations.

NOTE DU SECRÉTARIAT

Aux termes de l'Article 102 de la Charte des Nations Unies, tout traité ou accord international conclu par un Membre des Nations Unies après l'entrée en vigueur de la Charte sera, le plus tôt possible, enregistré au Secrétariat et publié par lui. De plus, aucune partie à un traité ou accord international qui aurait dû être enregistré mais ne l'a pas été ne pourra invoquer ledit traité ou accord devant un organe des Nations Unies. Par sa résolution 97 (I), l'Assemblée générale a adopté un règlement destiné à mettre en application l'Article 102 de la Charte (voir texte du règlement, vol. 859, p. IX).

Le terme «traité» et l'expression «accord international» n'ont été définis ni dans la Charte ni dans le règlement, et le Secrétariat a pris comme principe de s'en tenir à la position adoptée à cet égard par l'Etat Membre qui a présenté l'instrument à l'enregistrement, à savoir que pour autant qu'il s'agit de cet Etat comme partie contractante l'instrument constitue un traité ou un accord international au sens de l'Article 102. Il s'ensuit que l'enregistrement d'un instrument présenté par un Etat Membre n'implique, de la part du Secrétariat, aucun jugement sur la nature de l'instrument, le statut d'une partie ou toute autre question similaire. Le Secrétariat considère donc que les actes qu'il pourrait être amené à accomplir ne confèrent pas à un instrument la qualité de «traité» ou d'«accord international» si cet instrument n'a pas déjà cette qualité, et qu'ils ne confèrent pas à une partie un statut que, par ailleurs, elle ne posséderait pas.

CERTIFICACIÓN DE MODIFICACIONES Y RECTIFICACIONES

Lista XXXII — Austria

Considerando que las Partes Contratantes adoptaron, el 26 de marzo de 1980, una Decisión sobre los procedimientos para la modificación o rectificación de las Listas de concesiones arancelarias y convinieron en el establecimiento de un sistema de hojas amovibles para dichas Listas;

Considerando que Austria introdujo el 1° de enero de 1988 una nueva Lista de concesiones, basada en el Sistema Armonizado de Designación y Codificación de las Mercancías, que se anexó al Segundo Protocolo de Ginebra (1987), de fecha 5 de octubre de 1987;

Deseando establecer, en forma refundida, una Lista XXXII-Austria, de hojas amovibles, como la que estaba en vigor antes de la introducción del Sistema Armonizado de Designación y Codificación de Mercancías, de modo que sirva como fuente adecuada para interpretar las concesiones otorgadas por Austria;

Considerando que, de conformidad con lo dispuesto en el párrafo 3 de dicha Decisión, se ha comunicado a todas las Partes Contratantes el proyecto que contiene la Lista refundida de concesiones arancelarias de Austria, en el documento TAR/29/Rev. 1, de fecha 2 de diciembre de 1986, y que dicho proyecto ha sido aprobado con fecha 14 de febrero de 1989;

GATT
SCHEDULE XXXII-AUSTRIA
Revised version

This Schedule is authentic only in the English language

General Notes

1. This Schedule includes all actual GATT-concessions.
2. The tariff rates marked with "c" are conditional on the implementation and maintenance of certain commitments by certain of Austria's main trading partners. The tariff reductions will be maintained as long as these conditions are met.
3. Concessions granted in accordance with the Agreement on Trade in Civil Aircraft of 12 April 1979, are marked in the Schedule accordingly. These concessions are applied under the conditions and provisions of Article 2 of the aforementioned Agreement.
Duty free or duty exempt treatment is provided for all repairs on civil aircraft in accordance with Article 2.1.2. of the Agreement on Trade in Civil Aircraft, (the term "repairs", includes maintenance, rebuilding, modification and conversion).
To secure compliance with the end-use condition, the customs administration shall exercise its control rights not only in respect of the importer but of any further trader or user.
The validity of these concessions depends on the validity of the Agreement on Trade in Civil Aircraft for Austria.
