SCHEDULE XIX - UNITED KINGDOM (NEW NOMENCLATURE VERSION)

This Schedule is authentic only in the English language

Metropolitan TerritoryPART IMost-Favoured-Nation Tariff

1. If the Government of the United Kingdom brings into force during the currency of this Agreement a Tariff based on the Brussels Convention for the Classification of Goods in Customs Tariffs, the following Schedule XIX shall replace, upon the date on which such a Tariff enters into force, the text of the Schedule XIX of concessions negotiated at Geneva up to that date.

2. Any article listed in Division 1 of this Part of this Schedule which is liable in whole or in part to revenue duties <sup>(a)</sup> may, unless expressly excepted in this Schedule, continue to be charged with those duties at the rates from time to time in force.

(a) "Revenue duties" for the purposes of this Schedule means the duties, as set out in Part 6 of the "Customs and Excise Tariff of the United Kingdom of Great Britain and Northern Ireland in operation on the 1st January, 1947", on cocoa, hydrocarbon oils, silk, artificial silk (elsewhere in this Schedule referred to as synthetic or artificial textiles), spirits and sugar.

3. Where any article listed in Division 1 -

- (i) being an article of apparel (other than stockings and socks) is made wholly or partly of silk or of synthetic or artificial textiles (continuous or discontinuous); or
- (ii) is made wholly or partly of lace or embroidery (b);  
or
- (iii) being an article of apparel, is made wholly or partly of feathers;

then, except as provided in paragraph 4, paragraph 2 shall not apply, and the appropriate rate of duty (or the highest appropriate rate) set out in Division 2 may be charged if it exceeds the appropriate rate set out in Division 1, but shall not be charged in addition to that rate or in addition to any other appropriate rate in Division 2.

4. Notwithstanding the provisions of paragraph 3, paragraph 2 shall apply in the case of any article, other than tissue or apparel, which is made wholly of silk or of synthetic or artificial textiles (continuous or discontinuous), or in respect of which the value of the silk or of the synthetic or artificial textile component or the aggregate of the values of all such components, as the case may be, exceeds 20% of the aggregate of the values of all the components of the article.

- (b) "Lace" includes lace and lace net of any kind, and material by whatever process or stitch made which in appearance or pattern resembles lace or lace net;

"Embroidery" includes articles which have at any stage of manufacture been subjected, as to the whole or a part thereof,

- (i) to a process of embroidery by hand or machine needlework or to a process producing a similar effect, or
- (ii) to a process of stiletto work, borer work, cut work or drawn thread work or to a process producing a similar effect.

5. A rate of duty set out in Division 2 shall not operate as a maximum rate in respect of any article which is not listed or provided for in Division 1.

6. In this Schedule the qualification "R Grade" signifies that the product is "pure", "purissimum", "extra pure", "B.P.", "Ph.G.", "A.R.", "for analysis", "reagent", or of special quality for meeting special tests for purity.

(B.P. = British Pharmacopoeia  
Ph.G. = German Pharmacopoeia  
A.R. = Analytical Reagent).

7. The effect of several Section or Chapter notes (e.g. to Chapter 82) is that certain parts are to be classified in headings appropriate to the corresponding complete articles. To remove doubt, it is pointed out that for the purposes of this Schedule the United Kingdom concessions on articles set out as sub-headings do not extend to parts of those articles unless parts are expressly included.

- " 2. If the Government of the United Kingdom brings into force during the currency of this Agreement a Tariff based on the Brussels Convention for the Classification of Goods in Customs Tariffs, this Schedule shall cease to be valid upon the date on which such a Tariff enters into force, and shall be replaced by the Schedule in the new nomenclature which immediately follows this Schedule."

Insert Schedule XIX, transposed into the Brussels Nomenclature, as follows:-

SCHEDULE XIX - UNITED KINGDOM (NEW NOMENCLATURE VERSION)

This Schedule is authentic only in the English language

Metropolitan TerritoryPART IMost-Favoured-Nation Tariff

1. If the Government of the United Kingdom brings into force during the currency of this Agreement a Tariff based on the Brussels Convention for the Classification of Goods in Customs Tariffs, the following Schedule XIX shall replace, upon the date on which such a Tariff enters into force, the text of the Schedule XIX of concessions negotiated at Amcey current up to that date.

2. Any article listed in Part I of this Schedule which is liable in whole or in part to Revenue duties (a), may, unless expressly excepted in this Schedule, continue to be charged with those duties at the rates from time to time in force.

3. In this Schedule the qualification "R Grade" signifies that the product is "pure", "purissimum", "extra pure", "B.P.", "Ph.G.", "A.R.", "for analysis", "reagent", or of special quality for meeting special tests for purity.

(B.P. = British Pharmacopoeia  
Ph.G. = German Pharmacopoeia  
A.R. = Analytical Reagent),

4. The effect of several Section or Chapter notes (e.g. to Chapter 82) is that certain parts are to be classified in headings appropriate to the corresponding complete articles. To remove doubt, it is pointed out that for the purposes of this Schedule the United Kingdom concessions on articles set out as sub-headings do not extend to parts of those articles unless parts are expressly included.

(a) "Revenue duties" for the purposes of this Schedule means the duties set out in Part 6 of the "Customs and Excise Tariff of the United Kingdom of Great Britain and Northern Ireland in operation on the 1st August, 1948".
