“Australia accepts the prohibition on the dumping of industrial wastes at sea as from 1 January 1996 as envisaged in resolution LC.49(16) for all types of industrial wastes as defined by the resolution with the exception of jarosite waste for which it is necessary, for technical reasons which will be elaborated at future meetings of the London Convention, to retain the option of dumping at sea for a short period after the expiration of the deadline set down in resolution LC.49(16). Le Gouvernement australien n’autorisera en aucun cas l’immersion de la jarosite au-delà du 31 décembre 1997.
