*Article III.* The Government of Honduras assumes responsibility for operation and maintenance of the radio air navigational facility in the Swan Islands as long as it is included in the International Civil Aviation Organization Caribbean Regional Air Navigation Plan.

*Article V.* 1. This Treaty shall be ratified and the instruments of ratification shall be exchanged at Washington as soon as possible.

2. This Treaty shall enter into force on the date of the exchange of the instruments of ratification.

#### AIDE-MÉMOIRE

Reference is made to the current negotiations between the United States of America and the Republic of Honduras with respect to the Swan Islands.

As the Government of Honduras is aware, there are a small number of third country nationals with long residence and personal property in the Swan Islands, including a number of Caymanese (British) nationals. It is the understanding of the Government of the United States that after its recognition of Honduran sovereignty over the Swan Islands under the Treaty which the two Governments have recently negotiated, the Government of Honduras will protect the residential and personal property rights of such persons.
